Chefs Club IIIT Ranchi

CodeChef's College Chapter of IIIT Ranchi

What Is a CodeChef College Chapter?

The mission of CodeChef College Chapters is to empower Chapter Leaders and members to build a robust Competitive Programming culture on campuses and to help students become better problem solvers fostering learning and professional development.

College Chapter is responsible for conducting different activities and engagements to achieve the mission, such as:

- Organizing events, meetups, and speaker sessions on campus to raise awareness
- Hosting various contests and competitions to facilitate learning
- Conducting programming workshops and doubt-sessions for better learning

Benefits ?

Having a CodeChef Chapter in our institute

- Bring a competitive programming culture on the campus under the mentorship of CodeChef
- Enable students to learn together with other College Chapters in the CodeChef Community
- Provide opportunities and exposure to students on the campus

Activities

Throughout the year, our chapter is exposed to the programming landscape's realities in the college.Our Chapter bring in some amazing energy on the campus through events like programming contests hosted on the CodeChef, workshops, guest lectures, or fest collaborations that promote programming and inspire the students.

Few activities that we do:

- Daily Problem Solving and Discussion on Slack
- DSA Learning Sessions/ Workshops
- Upsolving Sessions for Monthly Contests
- ICPC Preparation
- Programming Contests
